Against racism

Refugees are welcome - racism is not!

The Australian Protectionist Party have called a rally attacking refugee rights for this Sunday, April 11, at 3pm outside Villawood Detention Centre.

The APP are anti-refugee, anti-immigrant & racist. They letterbox leaflets that scapegoat Africans, Muslims & immigrants for crime, unemployment & other social problems.

However, the major parties are also to blame - they have given a green light to racism, by also demonising refugees & using migrants as scapegoats.

Racism kills. Refugees are still being deported to their deaths. Attacks on international students and immigrants are increasing.

We need a peaceful show of support for refugee rights, for equality and justice - and to let all racists know that their hatred is not welcome.
